with 40 years experience in nonviolent movements from the civil rights lunch counter  
sit-ins, to peacemaking in the former Soviet Union, Mexico, Guatemala and more  
--tell about the creation of this hopeful endeavor based on Gandhi's Peace Army:

*Nonviolent Peaceforce (NP)*

is creating a large-scale international peacekeeping force.  
NP trains teams of civilians in nonviolence who become a paid, unarmed, protective force,  
working in areas of conflict, as invited...currently Sri Lanka, the Philippines, & Guatemala.
